

ModuleSkeleton_Web
::websiteEvent_Button

```
graph LR; A["ModuleSkeleton_Web  
::websiteEvent_Button"] --> B["Common::isThisMyComponent"]
```

A diagram showing a call from a module to a common function. On the left, a gray rectangular box contains the text "ModuleSkeleton_Web" on the first line and "::websiteEvent_Button" on the second line. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "Common::isThisMyComponent".

Common::isThisMyComponent
