The diagram illustrates the inclusion relationships between three source files. At the top is a header file, 'Gbox420_Nano_Reservoir/src/Components/WeightSensor.h', represented by a grey box. Below it are two source files: 'Gbox420_Nano_Reservoir/src/Components/WeightSensor.cpp' on the left and 'Gbox420_Nano_Reservoir/src/Modules/ReservoirModule.cpp' on the right, both in white boxes. Blue arrows point from each source file up to the header file, indicating that both source files include the header.
