

ReservoirModule::process
Command

```
graph LR; A[ReservoirModule::process Command] --> B[logToSerials]
```

A diagram showing a call from a function to a logging method. On the left, a gray rectangular box contains the text 'ReservoirModule::process' on the top line and 'Command' on the bottom line. A dark blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the text 'logToSerials'.

logToSerials
