

Gbox420_Mega_Main/src
/Components_Web/DHTSensor_Web.h

```
graph BT; A[Gbox420_Mega_Main/src/Components_Web/DHTSensor_Web.h] <-- B[Gbox420_Mega_Main/src/Components_Web/DHTSensor_Web.cpp]; A <-- C[Gbox420_Mega_Main/src/Modules_Web/MainModule_Web.cpp];
```

The diagram illustrates a header file dependency. At the top is a grey box representing the header file: Gbox420_Mega_Main/src/Components_Web/DHTSensor_Web.h. Below it are two white boxes representing source files. A blue arrow points from the left source file, Gbox420_Mega_Main/src/Components_Web/DHTSensor_Web.cpp, up to the header file. Another blue arrow points from the right source file, Gbox420_Mega_Main/src/Modules_Web/MainModule_Web.cpp, up to the same header file.

Gbox420_Mega_Main/src
/Components_Web/DHTSensor
_Web.cpp

Gbox420_Mega_Main/src
/Modules_Web/MainModule
_Web.cpp
