The diagram illustrates a dependency structure where two source files, V3_Web.cpp and _Web.cpp, both include the header file V3_Web.h. The header file is located at Gbox420_Mega_Main/src/Components_Web/PowerSensor/V3_Web.h. The source files are located at Gbox420_Mega_Main/src/Components_Web/PowerSensor/V3_Web.cpp and Gbox420_Mega_Main/src/Modules_Web/MainModule/_Web.cpp. Blue arrows point from the source files to the header file.
